Allergens: see ingredients in **bold**

Indications

HiPP Organic Follow on milk 2 is an ideal complement to a balanced weaning diet from 6 months onwards, when moving from breastfeeding or infant milk feeding. It should not be used as a breastmilk substitute before this age.

Contra-indications

- Not suitable for intravenous use.
- Not suitable for cows' milk protein allergy
- Not suitable for lactose intolerance
- Not suitable for vegetarians.

Preparation

All HiPP Organic products carry preparation instructions on the packaging.

Before feeding the HiPP Organic follow on milk 2, check best before date and shake plastic bottle well. Remove plastic lid and gently squeeze bottle to check if foil seal is intact. Pour required amount of milk into a bottle or beaker. Feed at room temperature or warm if desired (check temperature before feeding). For hygiene reasons, discard unfinished feed in bottle or beaker as soon as possible and always within 2 hours.

Pack format and product code

HiPP Organic Follow on milk 2 is available in 250ml ready to feed bottles and in a powdered format (see separate data cards for the powdered product).

Product code: Follow on milk 2 - 250 ml ready to feed - **GB2249.50**

Storage

Store in a cool, dry place and at room temperature, out of direct sunlight.

Important notice: Breastfeeding is best for babies. HiPP Organic follow on milk is intended for use after 6 months of age as part of a mixed diet and should not be used as a breastmilk substitute before this age.
