Ingredients

Organic skimmed **milk**, water, organic **lactose**, organic vegetable oils (rapeseed oil, coconut oil, palm oil, sunflower oil), prebiotic fibres (galacto-oligosaccharides from **lactose**), emulsifier (**soya** lecithin), LCP oils (vegetable oils from *Mortierella alpina* and from *Cryptocodium cohnii*, sunflower oil), vitamin mix [vitamin C, vitamin A, thiamin (vitamin B1), riboflavin (vitamin B2), vitamin B6, pantothenic acid, folic acid, niacin, vitamin B12, vitamin D, vitamin E, biotin, vitamin K], sodium citrate, L-cysteine, potassium hydroxide, potassium hydrogen carbonate, sodium chloride, zinc sulphate, ferrous sulphate, magnesium carbonate, potassium iodide, sodium selenite, copper sulphate, manganese sulphate.

Allergens: see ingredients in **bold**

Indications

HiPP Organic Hungry Infant milk is a nutritionally complete, casein-based breastmilk substitute suitable from birth for hungrier babies who are being combination fed or not being breastfed.

Contra-indications

- Not suitable for intravenous use.
- Not suitable for cows' milk protein or soya protein allergy
- Not suitable for lactose intolerance
- Not suitable for vegetarians.

Preparation

All HiPP Organic products carry preparation instructions on the packaging.

The 200ml cartons of sterilised hungry infant milk provide ready-to-feed formula for use in the home or when out and about. Before feeding, ensure top of carton is clean and check BBE date. Shake well and cut open where indicated using a clean pair of scissors. Pour the required amount of milk into a sterilised bottle. HiPP Organic hungry infant milk can be given at room temperature or warmed if desired. If warmed, check temperature before feeding. For hygiene reasons discard unfinished feed in bottle as soon as possible and always within 2 hours.

Pack format and product code

HiPP Organic hungry Infant milk is available in 200ml ready to feed cartons and in a powdered format (see separate data cards for the powdered product).

Product code: Hungry infant milk 200 ml ready to feed - **GB2239.41**

Storage

Store in a cool, dry place and at room temperature, out of direct sunlight.

Important notice: Breastfeeding is best for babies. It is recommended that infant formula is only used on the advice of a doctor, midwife, health visitor, public health nurse, dietitian or pharmacist.
